Location, LOCATION, LOCATION

Sally Faith Photography

Located in the heart of the City and with a great range of adaptable spaces, The Brewery has a character that sets us apart from other London venues. Our wedding licence covers every room within our venue and allows us to host your wedding ceremony and reception on-site for between 40 and 600 guests.

Within a few years Whitbread's brewery had become a vast operation, its sheer size making it an attraction worthy of royal visits. King George III, Queen Charlotte, Queen Elizabeth II and Elizabeth the Queen Mother all visited.

Brewing on the site continued until 1976, the last tanker pulling out of the South Yard on 13th April, bringing to an end a 225-year era.

The Brewery occupies the site of the former Whitbread brewery in East London. In 1750 Samuel Whitbread, having bought property in the area, transplanted his operations to Chiswell Street from two smaller breweries in Old Street and Brick Lane.

Through the arched entranceway, our beautiful 18th-century cobbled courtyard is secretly hidden away from the busy city streets. Its stunning historical setting provides a unique backdrop to your wedding photographs and a grand entrance for the couple.

From May through to the end of August, The Retreat is a wonderful addition to the courtyard. Made up of two decked structures surrounded by greenery, it creates a true oasis in the heart of the City and offers the perfect setting for your drinks reception.

The King George III connects to the matching Queen Charlotte room which can be used for your ceremony or reception. It can also be used in conjunction with The Porter Tun, to accommodate your ceremony.

Fully self-contained, it can be used for your drinks reception and dinner for up to 200 guests, but it also makes a useful drinks reception, ceremony or after party space. The room includes LED lighting in the ceiling providing colour washes and built-in DB audio PA system directly accessed from reception. EAT, DRINK

BE MARRIED

WE UNDERSTAND THAT FOOD IS ONE OF THE
MOST IMPORTANT ASPECTS OF YOUR WEDDING
AND WE ARE HERE TO HELP YOU IMPRESS.

A feast FOR THE SENSES

The food at The Brewery is contemporary and modern with eclectic menus that are heavily influenced by the culinary experiences gained from working at leading restaurants around the world.

Reflecting the season and full of flair, flavour and creativity, we will deliver food of outstanding quality to your guests throughout your wedding day. All couples are invited to enjoy a private tasting experience. This will take place in our glass tasting room in the heart of the kitchen. You will see how your food is prepared; taste a number of different options for each course along with matched wines and be able to discuss adjustments and any ideas you may have.

Our seasonal wedding breakfast menu is based on a 3 course meal with coffee and petit fours but we can create a spectacular 5 or 6 course menu or something completely bespoke for couples looking for something a little different or a particular style of food.

A wide selection of champagnes and sparkling wines are available for your toast. We also offer a range of choices for the drinks reception, from bucks fizz to champagne, Pimm's or cocktails.

Wine to accompany the meal is professionally matched to suit your chosen menu, and this will be available at your tasting.

Testament to the quality of the food, The Brewery has been awarded Gold for Best In-House Caterer (over 300 annual events) at the London Venue & Catering Awards 2025, following our Silver win in 2024 and Gold for Best Catering at a London Venue in 2023.
